3. Agreement

By signing below, both parties agree to the following.

1. Services. Portside Digital will carry out the services in Section 1 for the price in Section 2.

2. Completion. The work is complete when your Fygaro account is set up, a test payment has worked, and the training session has been given.

3. Your account is yours. The Fygaro account is opened in your name and you control the login. Portside Digital will not keep your passwords after handover and cannot access your money.

4. What you provide. You will give accurate information and any documents Fygaro asks for (such as ID and business details) and attend the training session.

5. Fygaro's decisions and fees. Fygaro decides whether to approve an account and how long approval takes. Fygaro's fees are separate from this price and are paid by you. Portside Digital cannot guarantee approval. If Fygaro does not approve your account after we have completed our work, Part 1 is not refundable; no further payment is due and we will help you apply again where possible.

6. Timing. Work starts when Part 1 is received. Setup time depends on how quickly you provide your information and how quickly Fygaro responds.

7. Extra work. Anything not listed in Section 1, such as building a website or online shop, will be quoted separately before any work is done.

8. Cancellation. You may cancel at any time before work begins and Part 1 will be returned. After work has begun, Part 1 covers the work already done.

9. Privacy. Your information is used only to complete this work and is kept confidential.

10. Law. This agreement is governed by the laws of Trinidad and Tobago.
